Re: Correction - General Motors Comments to Docket No. NHTSA -2000-8011; — 8  
Tire Testing – Federal Motor Vehicle Safety Standard (FMVSS No. 109)

Dear Mr. Kratzke:

General Motors Corporation (GM) submitted comments (USG 3591) related to tire testing in Docket No. NHTSA -2000-8011 on November 6, 2000. A recent review of the USG 3591 document has brought a discrepancy to GM's attention. The attachment to the subject submission included "Table 1: T & RA Speed Categories". The discrepancy is related to some of the speeds stated in miles per hour (mph). The corresponding speeds stated in kilometers per hour (km/h) were correct in the subject table.

The corrected table is attached.

If there are any questions, please contact me or Mr. Bhupen V. Shah on 810-986-2145 or Richard F. Humphrey in the GM Washington DC office on 202-775-5071.

Sincerely,

C. Thomas Terry, Director  
Safety Regulations and Consumer Information
